Class Name: Butterflies Term : spring 18' Whole School Topic: To Infinity & Beyond

What we have been learning

Our topic this term is all about Space, at nursery the children have been exploring topic themed books, like Aliens Love Underpants, Five small stars and Whatever Next.

At circle time, pupils have been rolling 1,2,3 shiny moon rocks down a pipe. This is helping them use their fine motor skills and they have liked the space rhyme we sing and the shiny, crinkly space rocks.

The children have been busy making rocket shaped musical shakers and other space art, which is now on display in class, great work.

In the garden we have enjoyed going on a space hunt, searching for aliens and astronauts (lolly stick puppets) to find, count and collect.

The children have been busy making cards for a special occasion, with Valentine's Day looming. They have made cards and will make yummy treats to give their family, because it's good to remember the ones we love.

It has been great to meet up with parents at the recent parents evening to celebrate all the great things the children do.

Special Moments:

It was lovely to see everyone working together to create painted stars, junk model rockets and alien paper plate collages for our Space display, well done children.

Some photos of our learning

Dates & Points to remember :

The Rhyme Challenge at nursery on Wednesday 14 March at 1pm. Please come and join us to sing along to the rhymes with the children.

Holiday dates and other events – please see school website.
