

# Classroom News

Class Name: Dover

Term : Spring Term 1 2018

## What we have been learning:

It's hard to believe we are at the end of another half term!

This term our topic has been space and we have been learning all about the planets and life as an astronaut. We got to make an 'astronaut's pudding' and then had to eat it by sucking it from a bag, similar to what real astronauts do! We all thought it looked horrible but when we tried it we actually quite liked it.

During our inclusion sessions we have been working with Tiverton class to build a rocket. Last week we got really messy putting papier-mâché on the outside. It was great fun though. We hope to have it finished in the next couple of weeks so that we can go inside it.

A couple of weeks ago we also had a planetarium visit the school. We got to go inside and see the planets that we have been learning about. We also got to take a closer look at the International Space Station, it was really amazing!!

In Art we have begun making our Moonscapes. They are all looking amazing so far.

What a busy half term!!

## Dates to remember –

**Start of Spring 2: 19<sup>th</sup> February**

## Some photos of our learning

Eating astronaut's pudding.

Making our Moonscapes.

Building a rocket.
