Class Name: Richmond Term: Spring term1 2018 Whole School Topic: To infinity and beyond

Some photos of our learning

We are all loving our learning, and continue to make the staff proud every day, but these are a few highlights from this term...

Otis is doing really well with independently exploring new textures.... Well done 😊

Faye has been working hard to sustain her gaze on objects for longer periods of time, and is making some pleasing progress

George and Shelby have been working on their object permanence skills – working out which bowl the fruit is under!

Sahithi and Sireen are showing great awareness of what is going on around them, and are turning towards sound 😊

Jude and Louie are both focussing on tasks well and for extended periods of time, responding appropriately to staff requests 😊

What's been going on in class?!

We were pleased to welcome back Sireen this term after some time off in the Autumn for surgery. She wasted no time in getting stuck back into the routine though, and has made some great progress since being back 😊. The usual coughs and colds have hit us this term, but all pupils have demonstrated their great resilience and motivation to learn once again, by completing some great work as you can see from the photos.

Our new topic is space, and a highlight of the term so far is the planetarium that came into school. We all got to go inside as we watched the images of space all around us. It was great!

Have a lovely half term break, and we will see you all back at school on **Monday 19th February**

Dates & Points to remember :

Monday 19th February - Start of term

Thursday 1st March – World Book Day

Monday 12th March – Friday 16th March – Science week

Friday 23rd March – Sport Relief

Thursday 29th March – Last day of term
