

Classroom News

Class Name: Skipton

Term: Spring 1

Topic: To Infinity and Beyond!

What we have been learning this term:

We have been so busy this term, but here is just a snippet of some of our learning:

English: In English we have enjoyed listening to different stories about space, especially 'Bob' the astronaut. We have already created our own aliens and planets.

Maths: Shape has been the name of the game in maths. We have learnt the name of different 2 and 3D shapes to include 'heptagon' and 'decagon' and we are just started to look for right-angles in and around school.

Science: Wow, Skipton definitely love learning all about the Solar System, to include the 'sun', 'moon' and all the planets. We each have our own favourite planet, but do feel sorry, for poor 'Pluto', who is no longer a planet! See if your child can remember all the planets in order?

PSHE: Talking about our feelings, has been an important focus in PSHE (Personal, Social, Health Education') and that it is okay to be worried, frightened, scared, sad or angry. They are feelings that everyone has, but it is how we deal with them, that is important.

Skipton's Magic Moments

Charlie: Charlie, you have remember so many shapes names, telling us all 'how many sides a heptagon has!

Harry: Harry, we love the way you now get on with your work without support, only asking for help if you really need it.

Chloe: Chloe, well done for remembering so much about the 'race for space' and telling mummy and daddy all about 'Neil Armstrong'

Ethan: Ethan you continue to try so hard in your learning, telling us, what you need to do and then sharing your work afterwards!

Harvey: Harvey, wow, how fit are you, joining 'running', 'netball' and 'football' club? You are fabulous!

Leah: Leah, we are so proud, of how you now want to write all the time, without so helping you. You are looking at each letter and sounding them out, amazing!

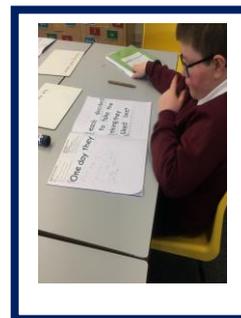

Dante: You are such a mind of knowledge and have taught us all so much about space, we particularly loved your facts about the sun!

Louise: Louise, you haven't stopped talking, we love hearing your news every day, thank you!

Jack: Jack, you are so independent in your learning, every day you are ready to work and complete your work so happily, thank you!

William: You have been fascinated about space, asking me so many questions and we have enjoyed finding the answers together!

Some photos of us!

Dates & Points to remember:

- Monday 19th February – First day back of term 4
 - **Term 4: Monday 19th February – Monday 29th March**
 - Thursday 1st March – World Book Day, more details to follow.
 - Week beginning 12th March – Science week.
 - Friday 23rd March – Sports Relief
 - Wednesday 28th March – Internet Safety Workshop
 - Thursday 29th March – Celebration assembly
 - Thursday 29th March – End of term
 - Easter Holidays – Friday 30th March – Sunday 15th April
 - First Day of Term 5 – Monday 16th April
 - Term 5: Monday 16th April – Friday 25th May
- Have a very restful half-term, let's hope it is not too cold?**
