

Classroom News

Class Name: Bamburgh

Term : Spring 1 2018

What we have been learning

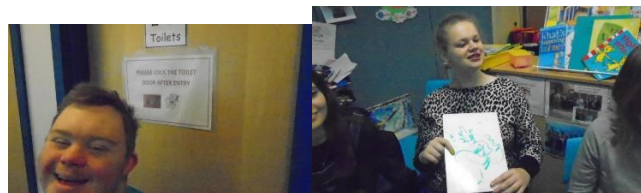

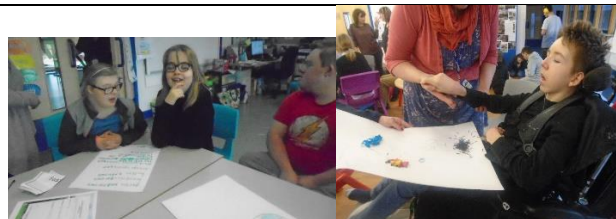

Our project this term has been event organisation. Bamburgh Class students have been planning a Bingo night at Post 16 for the last five weeks. They have organised the advertising, food and Bingo equipment costing, food preparation practise runs, shopping for provisions, and preparation for jobs on the night. The students have been amazing using so many skills – maths for costing, English for letter writing and many to do lists. It has incredible to see them initiate conversation with staff in retail park when we were collecting prize donations. Sammy 'blew our socks off' with his confidence in communicating. As our Bingo night approaches the students are practising their Bingo calling with the number rhymes they have made up. We have been in hysterics with them on hearing their comical rhymes. Ashton has been practising on a switch when to say 'Eyes down'!!

The students have continued to put their backs into clearing and tidying the area. The garlic, onions and spring bulbs have started to come up much to the excitement of the students.

Special moments

Eddie and Ashton's weekly shopping trip to Tesco has taken on a different slant. We now play 'Supermarket Sweep' to spice up the visit. The Tesco staff even get involved on the Customer Service desk. At the moment Ashton is in the lead with 5 points

Some photos of our learning

Dates & Points to remember :

Start of term 4 **19th February**
1st March World Book day
End of term 4 **29th March**
