Class Name: Totnes

Term : Autumn 1

What we have been learning

Some photos of our fantastic work this half term.

We have learnt so much this half term and all of the students have been fantastic at settling into their new class! Their attitude towards school and working has been wonderful to see!

In English, we have been looking at the story "George's Marvellous Medicine" by Roald Dahl and all of the different ingredients you can put in a medicine/recipe. We used this story to help us create our own medicine and the students helped to make a rather interesting Totnes Tonic!! The ingredients ranged from cotton wool balls to mouth wash and garlic puree to curly kale! After we made the tonic, we then started to write a set of descriptive instructions – if anybody wanted to make it in the future. All of the students worked hard to understand how their writing should be structured and how to describe each ingredient with more than one adjective. There was some very vivid descriptive writing that took place.

Our topic this term has been "What's On Your Plate" and this has linked really well with our Foodwise lessons. We have looked at what Fair Trade is and where particular foods come from. In our subsequent cooking lesson, we then used Fair Trade bananas and made Banana Bread and Butter Pudding. A sweet dish that confused us a little because of the bread going into the dish!

I hope everyone has a brilliant half term and keeps themselves safe!

Dates & Points to remember :

Free Cinema Trip – Wednesday 14th November 2018
