Class Name: Conway **Term:** Autumn 1 2018 **Whole School Topic:** What's on your plate?

What's been going on

It has been a busy and exciting start to the school term for Conway. Our term has been filled with different activities and tasks to get to know each other and all of our friends!

Star moment: The whole class using their own form of communication during our Wednesday morning tasting session. We've tried different temperatures, textures, and more. The aim is to use functional communication to express likes, dislikes and also give a chance to explore different types of food.

In English, the class have been learning from the story *The Gingerbread Man*. We have recreated the story and learning through sensory a sensory approach and with puppets. Recently, we've adapted our lessons to give pupils the chance to share and tell key parts of the story through their chosen method of communication, allowing them to be part of the storytelling.

In Maths, Conway have been building on core skills through a variety of different teaching styles. As well as working in small groups and 1:1, we have continued to use music and singing as a class to learn a variety of mathematical skills. This term we've looked at one to one correspondence, positional language, counting, addition and subtraction, and object exploration.

In Life Skills we have been learning all about ourselves, our body and our feelings.

Hope you all have a great break,
Conway Class 😊

Some photos of our learning

Dates & Points to remember:

- Term ends Friday 19th October.
- Term begins again Tuesday 30th October.
