Class Name: Windsor Term : Spring 1 2019

Whole School Topic: On the move

What we have been learning

We have been working towards an arts award by visiting arts venues in our local community this term. We have been collecting stamps on our 'Arts and culture passports' and have been able to find information to complete quizzes in the different venues. We have visited Shaw House, Newbury Library, the Corn Exchange and Newbury Museum. We have found out lots about local history and have done some great writing about our trips, including writing thank you letters and trip advisor reviews. We were able to check out books from Newbury library. In maths, we have shown that we understand hot and cold temperatures and how to stay safe around hot equipment. We have been reading thermometers and exploring how temperature changes in different locations. We have also been learning about properties of shapes and have been finding shapes in our environment. We have been practicing telling the time and are able to sequence daily events. We have found out lots about Chinese new year. We did a dragon dance, acted out the Chinese new year story and made some delicious noodles. We were really good at using chopsticks! We went to Growing2gether to learn about the work Post 16 do there. We cooked and shared a delicious lunch and did the washing up.

Some photos of our learning

Special Moments:

Our class wasn't the same without Louise and we were very excited to have her back after her operation. She has wasted no time in getting back on her feet, including riding her bike on the first day back.

Dates & Points to remember :

15th February – last day of term.
 25th February – first day back.
 1st April trip on a Narrow boat in Hungerford – more details to follow.
