

# Classroom News

Class Name: Stirling

Term: Spring 4

## What we have been learning this term:

Between the snow days and with Easter just around the corner, Stirling Class have been busy!

For a while now, our focus in Stirling has been to learn and practise our daily living skills, so that we are prepared and independent as possible. We have seen every student in the class make some steps towards this and it has been a privilege to see the enjoyment and success amongst our young adults.

In PHSE, we have continued to think about our emotions, especially the things which make us happy. We have started creating our own social stories, which include the photographs of us doing things we enjoy. Next term, we will be continuing to learn about how we feel and what this looks and feels like. We will also begin to look at friendship and relationships.

This term, Stirling have also experienced some fantastic sensory, art and extracurricular activities. We have begun preparing our outside areas for planting and have made some additional features for our garden makeover. Our favourite so far are the wind chimes made by threading recycled bottle tops. We decided to attach them to the swing and they have definitely brightened up the area!

**Wishing you an egg-cellent Easter from Stirling!**

## Stirling's WOW moments:

- \* James T has participated and engaged in more sensory and craft activities this term. He was able to follow instructions and a video to produce a slimy creation to be proud of!
- \* James U has really enjoyed our inclusion games and sport sessions. He was fantastic at boccia; following the rules and paying attention to his competition. James has also fully participated in the cricket sessions with students from other classes, which has been super to see!

## Photos of our learning:

## Key Dates

Last day of Term 4 – Thursday 29<sup>th</sup> March

Easter Holiday – Friday 30<sup>th</sup> March to Friday 13<sup>th</sup> April

First day of Term 5 – Monday 16<sup>th</sup> April

- \* Megan has been especially green fingered, working hard to weed and prepare the flower beds. Once shown, she was able to do this very independently and meticulously. She even unearthed, what may have been, the most enormous toad in Newbury!

- \* Thomas has had some fantastic days at the farm this term. His highlights have included chopping and wheeling fire wood in a wheelbarrow, playing in copious amounts of mud and spending time with the lambs.
