

# Classroom News

Class Name: Windsor

Term : Spring 2

Whole School Topic: To Infinity and Beyond

## What we have been learning

Windsor have been reading 'The Darkest Dark' in English. Lots of us have been thinking of words and adjectives to describe what it is like in space and have used our words in a letter. We made a boat (from the story) and have been 'fishing' for letters, words and adjectives to help with our writing. We have also been writing book reviews of our library books and of course practicing our phonics.

In Maths, we have been learning to count, order and sequence numbers. We have also been going to the shops to buy our snack and cooking ingredients. We have been practicing our money skills in the class shop and have been able to put these skills into practice when paying in ALDI.

We have been learning how to grow vegetables and flowers in our raised beds. We are looking forward to harvesting our first crops soon and sharing some of the things we have grown at the Agricultural Challenge final.

We are doing really well with our work experience and have been able to follow instructions. Gian, from the office, has been very impressed and has been giving us lots of jobs to do! Our farmers have also been working very hard at Rushall farm and have been fantastic at working as a team and following instructions.

We hope you have a fantastic Easter holiday.

## Some photos of our learning

## Special moments

We were lucky enough to be invited to Waterstones for a magical storytelling session with a visiting story teller. We behaved very sensibly and enjoyed our trip out. We also chose and bought our World Book Day Books and have been reading them in class.

We enjoyed having lessons with different teachers for Science week. We learned about floating and sinking with Aaron and really enjoyed our space dance with Jo. We also made 'aquariums in a bottle' in class.

## Dates and points to remember

Last day of term Thursday 29<sup>th</sup> March.

First day of the summer term Monday 16<sup>th</sup> April.

Thursday 26<sup>th</sup> April is the Final for the Agricultural Challenge. We have been working hard on our entries and are looking forward to showing the judges our work and meeting people from other schools. A yummy buffet lunch will be provided, so you won't need a school dinner or a packed lunch for the day.
