Class Name: Conway **Term:** Summer 1 2018

Whole School Topic: Bugs and Shrubs

What's been going on

Some photos of our learning

This half term, Conway has focused on the hungry caterpillar. Using our giant painted tree to create a stage set. Once created, we stuck the fruits to the tree and role played the hungry caterpillar.

Also linked to our story, we had a food tasting session where we tried all of the foods mentioned in The Hungry caterpillar.

In Maths this term, we have continued to build on our money skills, using cash notes and coins. Adding and comparing values of money.

Also this term, we had chicks in from the *Living Eggs company*, which saw our children get up close and able to explore the wonders of life!

As it was our last session of horse riding this week, we want to take a moment to say a massive thank you to everyone at RDA Newbury for providing an amazing opportunity for all in Conway, this year.

Next term will be swimming on a Monday morning.

Hope you all have a great break,
Conway Class 😊

Dates & Points to remember:

- **4th June- Back to school**
- **Swimming starts first day of term.**
- **13th June- Marwell Zoo**
- **Primary Sports Morning 26th June**
