

# Classroom News

**Class Name:** Chillingham

**Term :** Summer 1

What we have been learning:

Some photos of our learning

In Chillingham this half term we have been developing our independent living skills through activities like toast making and setting the table for lunch. We have been using visual aids to help us become more independent. Within these activities we have been using our communication skills to request, one-to-one correspondence to collect what we need and living skills such as spreading, cutting and learning about danger with items being hot.

We have also started becoming more independent within our Maths and English activities now and spending some time working by ourselves. In English we have been exploring the Hungry Caterpillar through storytelling, interactive activities on the whiteboard, art and communication lessons. We have also used the Hungry Caterpillar to learn about the days of the week and numbers to five for some of us.

DEAR Time takes place on a Thursday at 11.45. We Drop Everything And Read at this time.

## Dates to remember:

Last day of this term is Friday 25<sup>th</sup> May.  
Start of next term is Monday 4<sup>th</sup> June.
