

Classroom News

Class Name: Cardiff

Term : Summer 2018

Whole School Topic: Bugs and Shrubs

What we have been learning

Some photos of our learning

This term our topic is Bugs and Shrubs. The children have really enjoyed the story *The Very Hungry Caterpillar* and have been working really hard on their writing and mark making.

In Maths this term we have been looking at number work. The children have been counting, making sets, finding the numerals and using dice to play games.

We have also started our forest school session this term and already the children are confident getting wet and muddy. Some of the children's favourite activity is filling mud holes with water and jumping in them, some like climbing trees and some like finding worms. We are very proud of all the children at the forest listening to instructions to keep themselves safe.

Special Moments:

Benjamin is now joining in with all lessons in the classroom. What a star.

Dates & Points to remember :

Friday 25th May 2018 – last day of term
Monday 4th June 2018 – First day of term.

The children are fantastic at the forest and are learning how to stay safe there.
