

# Classroom News Bamburgh

Term : Summer term 2

## What we have been learning

During this term 6 Bamburgh students have been organising an open garden/allotment at the Growing2Gether site. They started by researching 'open gardens', and made a mind map of ideas. This ranged from the elaborate to the more straight forward ideas such as making a scarecrow. Once they had decided what ideas were realistic they set about making 'to do' lists. During this project they have all used their IT skills accessing the internet, creating invitations, researching vegetables and emailing. They needed to use their artistic skills to create, decorate and label vegetable names onto recycled bricks. The students also made a beautiful 'Welcome' sign, and also painted old wellington boots to use as plant pots. It has been a wonderfully creative project culminating in our open allotment morning for Bamburgh parents. We all enjoyed cold drinks and biscuits sat under gazebos amongst the flourishing vegetables. The students did us proud by showing their parents around the allotment, and telling them about the vegetables that are growing. A lovely end to a busy and fulfilling year. Thanks to all the parents that supported the open allotment.

## Special moments

Each student in Bamburgh class always puts their heart and soul into everything that we ask of them. Every day we experience those special moments because of the amazing commitment and enthusiasm that this fabulous bunch of young people bring. They are a complete delight to spend each day with. We wish you all a very happy and peaceful summer time.
