

Classroom News

Class Name: Colchester

Term : Summer 2

Topic : Bugs and Shrubs

What we have been learning:

We can hardly believe that we are at the end of Summer Term! This year really has flown by and there have been so many highlights!

We have had some fantastic trips including The Imperial War Museum in London, the wind turbine in Reading, abseiling and wall climbing at Youlbury and Moors Valley Country Park. We were also treated to a wonderful visit from a planetarium.

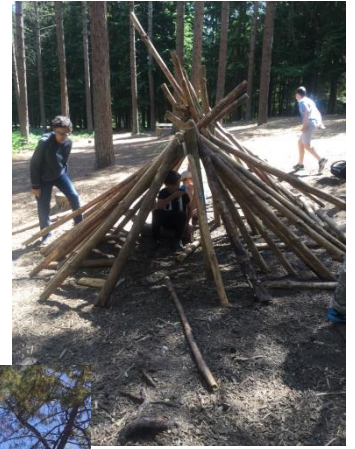

Everyone has worked incredibly hard this year to make academic, social and personal progress.

This half term, we have continued our Bugs and Shrubs topic. In English we wrote bug poems and created Sir David Attenborough style documentaries. We learnt all about Humanism in RE and concluded our learning by making stained glass windows. In Citizenship we thought about healthy environments and turned a neglected environment outside our classroom into an attractive and a healthy one. In Maths, we have been continuing to work on our number skills.

Over the last couple of weeks, we have been working hard on designing and creating a theme park! First we thought about who goes to theme parks before thinking about what we wanted our theme park to contain. We split into groups to design different zones and after designing our rides we brought them to life using junk modelling. All of Key Stage 3 have been creating their own theme park and on the penultimate day of school a winner will be announced!

Well done to everyone on a fantastic year and I wish you all the very best for next year- Emily.

Some photos of our trip to Moors Valley 11/7/18

Dates to remember:

Monday 3rd September to Wednesday 5th September – INSET days : students not in school.
Thursday 6th September – Students back to school.
