

# Classroom News

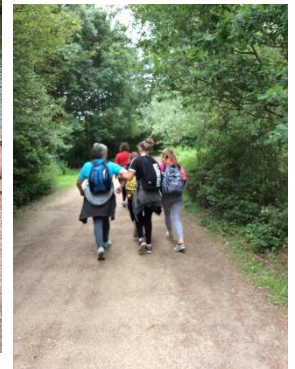

Class Name: **Tiverton**

Term : **Summer 2 2018**

Whole School Topic: **Bugs and Shrubs**

What we have been learning

Some photos of our learning

This term Tiverton Class have enjoyed trips out and about comparing bugs and shrubs in a variety of places. The class found out that there were more dragonflies at Dinton Pastures because they like to live near the water. Also we found more sapling trees grow at Greenham Common due to seed dispersal, from the wind and animals.

Dates & Points to remember :

Have a wonderful summer holiday and we look forward to all your holiday news.

6<sup>th</sup> September – Pupils return to school
