

# Classroom News

Class Name: Totnes

Term : Summer 2

Topic : Bugs and Shrubs

## What we have been learning:

The children have been counting down and are extremely pleased to know that the end of the year is now here. Its Summer!

What a half term we have had, it's included a wide variety of activities. The students have focused hard on their Entry Level Exams, the Year 11's have completed and passed their ASDAN coursework and as a result the pupils were rewarded with a fun-filled activities week.

During activities week we went pottery painting, to a wildlife park, to the beach and bowling. The children had a fabulous time and made the staff extremely proud as they worked together and supported one another trying out new things.

The students have had a great final few weeks getting ready for adulthood life. They have taken part in a range of different lessons including travel training within Maths by exploring public transport timetables.

They have had numerous visits up to Post -16 and have been able to make their own transition booklets to help prepare them for the next academic year.

They have also had further educating on PSHE and Sex education.

Amy would like to say:

'It has been a whirlwind of a year but you have all made so much progress that you should be proud of!

I have watched each of you improve academically in a variety of different areas but I am also so impressed at how you have grown in maturity too.

I feel truly privileged to have got to know all of you this year and am very grateful for all that you have taught me too.

I wish you all the very best in your new adventures next year and would like to just remind you to stay safe, positive and make the choices that are right for you'.

The Totnes Team would like to wish all the students a safe, restful but most importantly an enjoyable Summer.

Dates to remember:

Friday 20<sup>th</sup> July – Last day of term

## Some photos of our learning

Magic Moments of the Term – Congratulations to..

Christopher Pullinger for being awarded a music Scholarship

George Gibson for gaining acceptance and transitioning smoothly over to Newbury College.

All students who took part in their Entry Level Exams

All Year 11's who have passed their ASDAN coursework and gained certificates for their Bronze Award and shortcourses.
