The West Berkshire Directory

You may have noticed big changes in the look of our website.

We have been working closely with Adult Social Care and the Family Information Service to re-brand the website to ensure it is a 1 point directory that contains all services that are relevant.

The Directory is FREE, online, one-shop providing information advice and support on a wide range of services for adults, families and children in West Berkshire.

Please take time to browse and we would really appreciate your feedback which can be done using the tab on the right hand side of the screen.

We haven't given the Directory the launch it deserves but keep an eye out because it will happen!

Our NEW Disabled Children's Register

The Disabled Children Register (DCR) is a secure database which aims to capture information about all children and young people aged 0-25 years with special educational needs and disabilities (SEND) in West Berkshire. The information that you give us will be used anonymously to show the use of and demand for services in West Berkshire. We will use this information to help us to plan, monitor and develop appropriate facilities and services for disabled children and their families.

The DCR is managed by the West Berkshire Directory. Registering is voluntary but we would like to encourage as many of you as possible to register so that we can get as clear a picture as possible of the needs for services in West Berkshire.

To register you must complete a simple online form <https://directory.westberks.gov.uk/kb5/westberkshire/directory/register.page> which will allow you to provide us with details of your child. We will be able to use your contact details to keep you up-to-date with developments in services and other relevant information for disabled children and young people.

West Berkshire SEND Strategy

A brand new strategy for supporting children with special educational needs and disabilities (SEND) across West Berkshire is being published.

'From birth to young adulthood'

The strategy sets out West Berkshire Council's overarching vision and direction for the SEND services over the next five years. Its aim is for West Berkshire to be a place where every child or young person with SEND has a chance to succeed and where no one gets left behind. It sets out a commitment to ensuring that all young people with SEND reach their full potential and are effectively prepared for their life beyond school, training and further education. The new strategy has five key strands:

1. Improving inclusion and education outcomes for children with SEND in Early Years settings and mainstream schools
2. Developing more local provision to meet the needs of children with SEND
3. Enabling young people with SEND to have good physical and mental health and wellbeing

4. Improving Post-16 education, learning, employment and training
5. Improving transitions for young people with SEND to enable them to prepare for adulthood

In developing the new strategy, West Berkshire Council worked closely with parents and carers, schools, colleges, health partners and the voluntary and community sectors. Five groups were set up and met earlier this year to jointly identify and agree the priorities to focus on under each of the five themes and the actions to be complete to achieve the objectives.

This is the result of that comprehensive consultation process

New cub pack

A brand new cub pack has recently opened in Thatcham especially for children with additional needs. Swings & Smiles has helped set-up 4th Thatcham following feedback from families about what other services they would like to see. Some had tried attending other cub groups in the community but had found it hadn't worked out whilst others were wanting a place for their children to build friendships whilst working towards badges and being part of a wider movement.

The pack met for the first time in September and welcomed 12 boys and girls along to start working towards their promise and skills badges. The pack meet at Swings & Smiles and are lucky to be able to use lots of the outdoor space so games and exploring are key parts of the meetings.

The pack is well supported by a number of volunteers and looks forward to another 4 children joining in the new year.

The Castle School World of Work wins award for work to support young people into careers

The Castle School has been recognised for its work supporting careers education and helping young people into the world of work. The organisation has been named the National Winner of the SEND Careers Provision of the Year award by the Careers & Enterprise Company

The Careers & Enterprise Company Annual Awards 2018 recognise and celebrate inspirational work being done by schools and colleges, employers, volunteers and careers professionals around England.

A record number of over 200 nominations were submitted for this year's nine award categories, which were decided by panel of independent expert judges.

The World of Work (WOW) Programme at The Castle School aims to raise the career aspirations of students and support them in to work. Their three stage model of Work Experience, Work Placements and Supported Internships provides a clear pathway to paid employment. The team realise the importance of supporting employers just as much as the students and this has been critical to the success of the programme.

They believe that any students with the drive and desire to work can gain paid employment no matter what personal challenges they may face.

The Careers & Enterprise Company was established by government in 2015 to help schools and colleges, employers, funders and careers programme providers to create high impact careers and enterprise support for young people. They aim to inspire and prepare young people for the fast-changing world of work. The Company's 2000+ Enterprise Adviser Network of business volunteers currently works in over half of the country's secondary schools and colleges

Claudia Harris, Chief Executive of The Careers & Enterprise Company, said:

"Preparing young people for the fast-changing world of work has never been more important. There is incredible work going on in schools, colleges, employers and more across the country. We hope these awards are a small way to say thank you and shine a light on this amazing work."

Judge Nick Bowen, Principal at Horizon Community College and who sits on The Careers & Enterprise Company's Headteacher Advisory Group, said:

"This year we had a record number of entries. It was a real challenge to pick the winners because of the amazing quality of entries. This is a testament to the increasing

excellence of careers provision and partnership across the country. Projects/schools/colleges/businesses/individuals like this are helping thousands of young people to fulfil their futures. They should be very proud of themselves."

Quote from the winner:

"The team are passionate about what they do and that is visible on a daily basis to all that they work with. To win this award is a fantastic recognition of all of the work that goes in to supporting students in to paid employment. For us, winning give us a great opportunity to share what we do in the hope that it will inspire others and continue to improve good practice across the SEND sector and beyond" James Whybra Assistant Head Teacher

The Castle School is one of three regional winners in the SEND Careers Provision of the Year category. The Careers & Enterprise Company will announce which of the three strong shortlist is the overall national winner at its Annual Conference on Wednesday 4 July 2018.

The judges for the awards included:

- Education consultant and former General Secretary of the Association of School and College Leaders, Brian Lightman
- Sharon Davies, Deputy Chief Executive of Young Enterprise
- Rachael Saunders, Education Director at Business in the Community
- Nick Bowen, principal at Horizon Community College

About The Careers & Enterprise Company

The Careers & Enterprise Company was set up by government in 2015 to inspire and prepare young people for the fast-changing world of work. We help to connect employers and schools in the fragmented landscape of careers and enterprise, supporting programmes that work, filling gaps in provision and ensuring coverage across the country.

The Company's 2000+ Enterprise Adviser Network of business volunteers currently works in over half of the country's secondary schools and colleges, supported by more than 100 trained Enterprise Coordinators who are co-funded with Local Enterprise Partnerships (LEPs).

Inclusive Football

Thatcham Tornadoes Inclusive Football training sessions are held on the Astro Turf at Henwick Playing Fields, 6.15pm - 7.15pm each Friday and will continue through to March at which point we will move to grass at an alternative venue locally.

Thatcham Tornadoes Inclusive Football has been up and running since early 2017 and over the course of the summer we've had further developments to enhance our offering to children and families locally.

- Have been acknowledged by the Berks and Bucks FA for our work and have been rewarded with the Berks and Bucks FA Disability Pledge status, something very few clubs locally have.
- We are also the first club to be accepted into the Berks and Bucks FA Inclusive program for children aged 4 - 8, more detail on this to follow. This involved the club submitting an action plan, methodology statement and future planning statement as to our commitment to improving opportunities locally for children with physical or neurological challenges.
- We have had a steady increase in numbers in the main 8 - 12 year old group.
- We've also been specifically allocated 10 hours of coach tutor / mentoring from the Regional Coach Mentor, this will enable us to improve our coaching skillsets and thus improve the sessions for the children.
- More FA funding has been secured which will be used on additional equipment that will aid the players (and will solely be for the use of the inclusive sessions).

Again, this is being provided at no cost to you and as a Community Club we are really trying as hard as possible to drive the message locally that all children, no matter what the circumstances, should have the opportunity to play a sport.

Please spread this information with your friends who may have children that might also benefit from our sessions.

Kind regards

Happy Days/Coles Diner

I run the clubs voluntary and originally set this up due to my own son having autism, he is growing up and now he no longer attends the younger group. I still carry this on due to being passionate about supporting families similar to my own. This does mean it takes up a lot of my free time with admin and fundraising to keep it going - taking me away from my own family, I am not complaining I am just letting you know the reality behind the scenes. I get no funding for the club, it is not a charity, and it is just myself running it and fundraising keeping it going but I am happy doing this, I enjoy it greatly. I hope this helps you understand the club a little more, so the decision to make it a membership club will help secure fees for the clubs so it gives me a better idea of what I need to fundraise to keep it going.

The membership is £35 for six months so this includes six sessions plus the Christmas Disco for the main child additional siblings are charged £25 for the first one and then £15 for the second, third etc.. Parents are still free.

You won't be able to attend the Christmas Disco without membership. You will be able to bring extra family members at an extra cost of £5 per person to attend the disco. If you don't attend all the sessions you will not get refunded - the only time a refund will be issued if I have to cancel the session due to unforeseen circumstances.

Membership will need to be renewed for March 2019 - August 2019 and this will be the same costings as above and includes six sessions plus a Summer day out. You won't be able to attend the summer date without membership but you will be able to bring extra family members at an extra cost of £5 per person to attend the Summer day out once announced - I will offer two dates and you will need to choose one of these to attend.

Please also ask to join the Facebook group to keep up to date on what is happening:

Happy Days

Bringing families together

SEP 2018—FEB 2019

I have increased the subs to £5 per session this is to help cover costs. I've also made the clubs as a membership only, so this helps me cater more efficiently per session and to reduce waste. I will now have a maximum number to work with. If you don't attend a session money will not be refunded unless I have had to cancel the session or event due to unforeseen circumstances—you will be notified of this in advance.

You will have to become a member to attend the sessions, pay in advance and fill in the membership form for you to attend from September 2018.

6 months membership:

Sep 2018 —Feb 2019 including Christmas Disco
£35 for the first child / £25 for the sibling / £15 each for extra siblings.
Parents are still free but will need to be included on the membership form please.

This means that the Christmas Disco and the Summer Event will be incorporated in the memberships costs.

Our Story

I set up the club in January 2012 as a voluntary club helping families like ours. I am autistic myself and have two children one who is also on the spectrum. I work for a secondary school and have run a successful youth club since 2001 for young deaf teenagers who help volunteer along with myself at Happy Days /HD Gamers Den. I rely on fundraising to maintain Happy Days and I organise all this in my free time along side a full time job and family.

Happy Days was born in the hope to help others and to provide a space once a month for children and young people across West Berkshire. The club is for children and young people on the autistic spectrum, deafness, ADHD and their families (siblings and parents) we all understand the difficulties and can support each other. It means we can be ourselves in a space to call our own. We don't judge and we don't hide away from the fact that they we are all living with hidden disabilities.

There are two groups:

- ♦ Happy Days—a club with toys, crafts and a movie for children with ASC, Deafness or and ADHD aged 5-10 years old on a Monday once a month 4.30-6.30 pm
- ♦ HD Gamers Den—a club with computer consoles and board games for young people with ASC, Deafness or and ADHD aged 11-18 years old on a Tuesday once a month 6.30-8.30 pm

THEATRE

Interval

Greenham Trust 

THE
WATERMILL
THEATRE
Outreach

Greenham Trust 

in · ter · val *noun*

1. A break, a pause, a rest
2. The space between two points

If you'd like some time each week to clear your head, use your imagination, and explore your world, **Interval** could be for you.

Each session will be playful, creative, and different, using all the fun of drama with none of the pressure...

Who is it for?

Young people aged **12 to 16** who have added complications in their lives.

Where and when will it happen?

Sessions are at The Watermill Theatre, Newbury on **Thursdays, 4pm until 5.30pm.**

Doors open at **3.30pm** for a chance to unwind and catch up over some snacks, before the session starts.

Sessions are free and we might be able to help with travel if you can't get to us.

What next?

For more information, and to book your place, call Lixi on 01635 570918 or visit **www.watermill.org.uk/interval**

Scene Change

A monthly drama workshop for adults who, for whatever reason, could use a **change of scene.**

For dates and more information, visit watermill.org.uk/scene_change

Scene Change

The Watermill Theatre welcomes you to join our monthly drama workshop, whether you are a carer, recently bereaved, struggling to get back into the community, being supported by mental health services, or just need **a change of scene**.

When did you last play?

How do actors deal with stage fright, anxiety and pressure?

As we listen, laugh and learn, your skills and confidence will build within a supportive and encouraging group.

Each session is stand-alone, so there is no obligation to come every time, but for those who attend regularly, topics will vary month to month.

Whatever your yesterday, you can leave your everyday at the door to express yourself, stretch your imagination, and relax with fellow Scene Changers.

Familiarisation Visits

For many of us, trying something new, with new people, in a new place, can be daunting. We will hold a tour before every monthly session at The Watermill, after which you are welcome to stay for the workshop or carry on with your day. Please visit the website for up to date details.

Ad Lib

Weekly drama group for
young people with autism
spectrum conditions

What is Ad Lib?

All of our youth theatre activities at The Watermill are autism-friendly. Ad Lib is especially for young people **aged 9 to 16** who have autism spectrum conditions, their siblings, their friends and their friends-to-be.

Who is it for?

Whether you have a diagnosis of autism, are waiting for one, or are keen to play alongside someone who sees the world differently, you are welcome.

How will it work?

Using drama and theatre games, you'll build your communication and social skills, make new friends, and have plenty of fun.

Where and when will it happen?

Sessions are at Swings & Smiles in Thatcham on **Thursdays, 7pm until 8.30pm.**
