

# Classroom News

Class Name: **Flint**

Term : **Summer Term 1 2019**

## What we have been doing

### The Curriculum

At the time of writing one D or E group are about to embark on their expedition around the Newbury area. They will be putting their map reading skills to the test, hopefully getting a peaceful night in a tent that doesn't fall down and cooking themselves a main meal on the Trangia stoves. This is the first time that students have completed their expedition part of the award hiking around the local area, so I wish them all luck in finding their way around.

On a Tuesday Flint class have become budding film producers in the making as they have started to create their own film trailers using a variety of genres. Students have designed and created their movie using a storyboard which they will then put into action.

Students are working hard towards their Maths and English exams and if they have been entered they will be sitting them in the next few weeks.

Work experiences have been in full flow for almost all students in Flint Class, with some being pioneers in newly partnered work experience placements.

During our Monday lesson we have been looking at food and nutrition, focusing on how the different food groups help your body and what happens to your body if you eat too much of one kind.

### Dates and points to remember:

- 24<sup>th</sup> May 2019 Last day of term
- 27<sup>th</sup> May 2019 – 31<sup>st</sup> May 2019 May half term
- 13<sup>th</sup> June 2019 Wash Common Picnic
- 11<sup>th</sup> July 2019 Prom
- 24<sup>th</sup> July 2019 Last day of term
