Our trip to Beaulieu with our Enterprise money

Some photos of our trip

On Wednesday 15th May we went on a School trip to Beaulieu motor museum.

We saw all the classic cars, bikes and buses they were fancy and interesting. Kai liked the big red car.

We had a long wait for the monorail but it was worth the wait. Isabella said 'it was fun but it was wobbly and it was scary'. Sean said 'we got to see all of the motor museum and we saw the beautiful gardens". Zac also commented the gardens were beautiful. Neah and Bradley thought it was fun on the monorail and they could have done it all day. We also got to see some cars from movies and TV shows. Maddie commented that "I liked the car from Only Fools and Horses".

Next we got to travel in an old Aston Martin car, it was 91 years old. Zac said "it was so old it didn't even have seat belts!"

Then we went to the Top Gear exhibit and we saw the old cars from the TV show. Katie told us "it is my dad's favourite TV show". Josie said it was her favourite part of the day. Troy thought the whole day was fun.
