

Classroom News

Class Name: Conway Term : Spring 2021

What we have been learning:

It has been lovely to have Conway Class back together again.

Our new topic is 'Spring' and we have been exploring our new sensory story 'Jack and the Beanstalk'. Some of us have then been learning to match with pictures and others to start to building sentences with colourful semantics.

We have continued to enjoy our Bucket sessions and one group has even begun to work on Stage 4 (work at tables) where we do an activity demonstrated by an adult.

We all continue to enjoy cooking, messy play and outside discovery, now the weather is improving.

We have also expanded our fine motor skills sessions this term. We have had fun using pegs to hang the washing out, tweezers to move pompoms, sand and lots more!

Music with Charles has been fantastic. We have all particularly loved the resonance board- feeling it vibrate as we tap different beats/ feel the vibrations of the guitar.

P.E. has been a real highlight of this term. The children have explored climbing the apparatus and we have really seen their confidence grow.

Have a lovely Easter all.
Dates to remember- Term starts Monday 19th March

Some photos of our learning
