

Classroom News

Class Name: Wallingford

Term : Autumn Term 1

What we have been learning

It has been a busy term, and the Wallingford students have come back after the summer break with drive, positivity and an enthusiasm to learn. It has been lovely to welcome our new members of the class, Alissa, Naomi, Abi, Brandon, Steph and Ricky. They have made a great contribution to the class already.

We have worked the allotment each week at Growing2Gether, and have had a good harvest. We have used the fruit and vegetables to make some delicious soups, an apple crumble, and a rhubarb and custard tart.

The students have begun their Bronze Duke of Edinburgh Award. They are campaigning to reduce the amount of plastic bottles that are used, and are collaborating with the charity 'Refill' to encourage Newbury businesses to sign up to the scheme.

Our Growth Mind-set sessions have had real impact on the students already. They have developed an enthusiasm and a 'have a go' attitude. It has been evident in all areas of the curriculum and Post 16 life.

Special moments

Some wonderful PSHE sessions about relationships

As the term has progressed and we have all got to know each other better, the students have shown sensitivity and a caring attitude towards each other. They have started to make mature choices and decisions that have made us proud of them.
