Class Name: Totnes

Term : Spring 2 2019

What we have been learning

Some photos of our fantastic work this half term.

What a fantastic and busy term we have had in Totnes Class. We have managed to do so much and the time has absolutely flown by!

This term, the students decided to run a café that was open once a week on a Wednesday at break time. The class followed a timetable and took it in turns to take up different roles within the café. I have been so impressed (as well as members of staff across the school) with how well the students took on this challenge and the amount of progress they made towards their independence and social skills. Fortunately, the café has done so well and this means that their earnings can be spent on buying lunch next week!

In Cooking, we specifically looked at cooking for a specific reason and what we could offer people. We spent one of our cooking lessons baking a large amount of decorated shortbreads and the students focused on making them look very presentable. These shortbread biscuits were then sold at the Totnes café'

We also had a couple of special visitors in to school this term too, which enabled us experience some new activities. One afternoon, the students took part in a Modern Pentathlon and this gave the students the opportunity to do some fencing and laser shooting. An afternoon that I know the class thoroughly enjoyed!

I hope you all enjoy the Easter holidays and the students have a well-deserved break! Thanks again for your continued and ongoing support.
