

# Classroom News

Class Name: Tiverton

Term : Spring 2 2019

What we have been learning

Some photos of our marvellous work this half term.

In English we been learning about speech bubbles, thought bubbles and captions. Next we will be creating our own comic strips.

In maths we been learning how to tell the time and solving time problems.

We also have science week , unfortunately we could not see the rockets launched as it was too windy. John from science boffins visited the school and in assembly he put dry ice in a cauldron and a member of staff pretended to be a witch and stirred it. More experiments were carried out. We taught Colchester class to blow up balloon with yeast solution. Movement of coloured water between beakers and made sensory stress putty. In music we learning the blues on the keyboards. We have learnt C, D and G major notes so far.

We had a visit from modern pentathlon to do some P.E. We had two coaches came in to teach us fencing with plastic foils. It was brilliant. We had to wear a helmet for protection. They taught us how to shoot laser gun. This was amazing. It was very hard but it got easier. We also had a lady called Jenny to teach us sitting volleyball, it was really fun. We`ve been making bacon butties for the staff to raise money for our trip to Beaulieu car museum, We've raised £70 so far.
