Class Name: Pendragon Term : Spring 2 2019

What we have been learning:

What a term! I am immensely proud of everything Pendragon has achieved this term, everyone has made so much progress and grown up. It has been amazing to watch!

In English we worked on 'The Bear Hunt'. Everyone enjoyed doing it as a sensory story, before retelling the story and writing our own versions. We have also looked at non-fiction texts about different forms of transport and written our own information. We have worked really hard at our phonics and reading. The impact of this has been phenomenal – so much progress!

In Maths we have focussed on our number skills. Counting objects; recognising number; ordering number; simple addition and subtraction. Everyone is so much more confident and made lots of progress.

In Science we have been working on forces, including pushes, pull and twists. We all loved Science week – a real scientist came in and did lots of experiments, including one with dry ice! In class we tried to make slime unsuccessfully as Meaghan had the wrong ingredients – oops!! A good example that Science doesn't always work!

In PSHE we have been focussing on our emotions; how to gain attention appropriately and what makes a good friend.

In PE everyone has loved playing badminton – we have some really good players in our class!

Dates to remember:

Friday 5th April – Last day of school
