Class Name: Chillingham

Term : Summer 2 2019

What we have been learning:

Some photos of our learning

Hello Everyone,

This term's topic is still rainforests and we have continued exploring the Animal Boogie book. We are slowly putting a small book together to take home at the end of term. In Maths we have been learning our shapes and playing memory games and sorting games with shapes as part of our circle time activities.

In science we have been exploring changes and how ice melts in different temperatures and environments. We have also been eating lots of ice-cream and ice lollies! We had a very special visit from Dover class, who came and set up a shop to sell us ice-cream. Win, win, we got to use our money skills, mix with some different pupils and had ice-cream to eat.

In PSHE we have been thinking about being healthy and what food is good for us and bad for us; what makes our teeth dirty and how to keep them clean. Some of us have also continued making our lunch, which we are enjoying greatly.

Art we love! Whether we are creating animal prints or exploring different ways to paint and get creative.

The Chillingham Team

Dates to remember:

Last day of term Wednesday 24th July 2019
