

# Classroom News

Class Name: Dunnottar

Term : Summer 2 2019

## What we have been doing

Dunnottar students certainly know to work hard but also play hard! This term has been a complete mixture of both.

We have been to Lagoona Aqua Park in Reading, Mudeford Beach and to the outdoor swimming pool at Northcroft.

Students have enjoyed Cricket sessions at Faulkland Cricket Club and we had an absolutely amazing Prom where staff and students turnout was phenomenal!

Some students have taken exams over this term and have done extremely well to give them a go resulting in a high pass rate.

We have also enjoyed fun activities including a Teacher vs. Student quiz – resulting in some pretty competitive... staff! We have also enjoyed some science based activities led by the students – it was a really inclusive morning at Post 16 filled with laughs! The Farm has continued to develop work based skills and caring for farm animals which students have embraced and enjoyed.

Our cooking sessions have, as always been full of variety but our favourites this term have been minestrone soup and pineapple upside down cake! Other sessions such as GO! And choir have continued to develop student's skills in a range of areas of interest and it has been lovely to see further inclusive opportunities taking place.

World of Work and Work Experience have supported students through identifying key attributes for what is required in job roles and how to show them whilst at work.

An amazing year for Dunnottar – we look forward to the next! Hope you all have amazing summers!

Dates to remember:

INSET (students not in) 2<sup>nd</sup> & 3<sup>rd</sup> September

Students back: Wednesday 4<sup>th</sup> September
