Class Name: Cardiff Term: Summer 2019

Whole School Topic: The Living Rainforest

What we have been learning

Some photos of our learning

This term in English some of the children have been looking at interactive stories on the whiteboard. They have been pressing the board to see more of the story and reacting to the different events that happen in the story. The other children have been looking at ditty books. In these books the children learnt how to find the title, follow along with the speed sounds and use their phonics to sound out words. The children also learnt how to use their finger to follow the words as the story was read.

In maths we have been focusing on position. Some of the children have been learning about the words: in, on and under. They have been practicing following instructions from an adult using those words. Other children have been learning about the words: in front, next to, behind and between. They were listening to an adult using these words to tell them where to put their animal. The children also used these words to tell their friends where to put their animal.

Life lessons this term has been all about money. The children learnt about the colours of the coins, sorted them into groups and then looked at the numbers on the coins that tell us what they are. We then set up a role play shop and the children practised taking the purse to the shop, choosing a piece of food to buy and then listening to the adult saying which coloured coin they needed to give.

A very busy but super term.

Special Moments:

For our end of year trip Cardiff class went to Thatcham lakes to play in the park and have a picnic. Everyone had a fabulous time and all the adults were so proud of all the children. They listened to instructions, knew how to keep themselves safe and sat beautifully at the picnic table for lunch. A perfect way to finish the year.

Dates & Points to remember :

Wednesday 24<sup>th</sup> July – Last day of term  
Wednesday 4<sup>th</sup> September – first day of term
