Class Name: Thornbury Autumn Term 2 2025-2026

## What we have been doing this term:

## Some photos of us!

This term in Thornbury students have continued to explore Algebra in Maths, they have practiced solving one step and two step equations.

In Science, students have participated in a variety of practical experiments measuring the role of forces acting upon different objects.

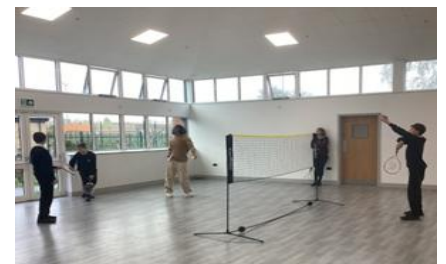

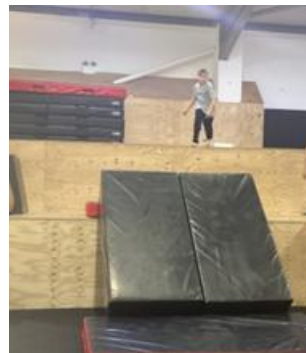

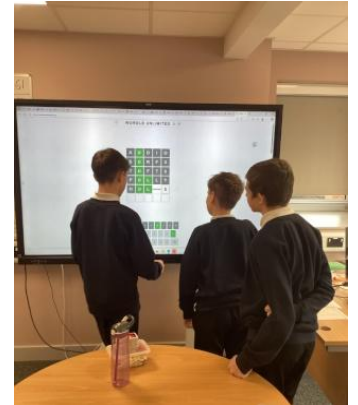

Offsite activities continue to be a highlight for students with Parkour, Smelly Wellies and climbing sessions running throughout the term.

Students have enjoyed playing badminton in P.E; they have played several competitive and thrilling games with each other.

Thornbury class has continued to develop and create ideas for Thornbury Enterprise, where students design and create products that can be sold in school. The aim is to raise enough money to organise a class offsite trip. Before the end of term, Thornbury held a Christmas sale where they sold handmade fudge and Christmas cards. Students made the paper for the cards by combining scrap paper with water to make a pulp. This was later pressed and dried and students added Christmas designs to finish the cards off.

We are so proud of the all the hard work our students have created this term and wish you a very merry Christmas!

Thornbury Team 😊

## Dates & Points to remember:

- **Christmas Holidays** (Friday 19<sup>th</sup> Dec 2025 – Monday 4<sup>th</sup> Jan 2026).
- **Students return to school** (Tues 6<sup>th</sup> Jan 2026).
