

# Classroom News

Class Name: Totnes Term: Spring Term 3 2025-2026  
Topic: Cards, cash and contributions

## What we have been doing this term:

Totnes Class have had a busy term and with the added drama of some unexpected power cuts in the middle of the term! We have started a new topic about 'Cards, cash and contributions' looking at a range of topics linked to money and budgeting.

In English we have been learning about newspapers and news reports. We have explored the different features of a newspaper article and then wrote our own newspaper reports. As well as this, the class have written a script for presenting their own news report to an audience.

In Maths, we have been learning about both time and money. We have explored how long daily tasks take, consolidating our understanding of how to tell the time on an analogue clock and drawing their own hands on a clock. We have continued to look at the value of money and coin recognition. Then using our knowledge of money to explore how it can be used effectively and getting the most out of your money

In Science this term, we have specifically looked at magnets and the forces they create. The class were able to work out which materials were magnetic or not magnetic. Then they created their own maze/path to pull an object through and along paper with a magnet.

## Dates & Points to remember:

Halt term – Monday 16<sup>th</sup> to Friday 20<sup>th</sup> February
