Class Name: Barry Term: Spring Term 3 2025-2026  
Topic: Trucks, Diggers and Wings

## What we have been doing this term:

### Communication

We have been using our core boards or PECS symbols in circle time to talk about the weather, saying hello and sharing how we are feeling today. This has linked in to PSHE as we have been looking at our feelings and spending time to look at each one. We made some happy pictures and some sad pictures. Next we will be looking at the words excited and feeling pain and unwell.

### Maths

We have begun have daily lessons, using the songs we all enjoy. Adding visuals to this and taking part in the addition and subtraction that the sings offer as well as number recognition.

### English

We have been reading the story of you can't fit an elephant on the bus. Using props to bring the story to life. We have also looked at answering questions after each page, using yes or know. Some of us extended this on our communication devices. Adding words like, I don't think so, or don't do it!

### Fine motor skills

Everyone has been working on developing their fine motor skills through weaving threading, painting, colouring and cutting skills.

### Music

We have been using the words stop and go in music and have just introduced slow and fast. Everyone is getting very good at the warm up activity, of listening to the instrument and picking which one has been played.

### Dates & Points to remember:

Half term – Monday 16<sup>th</sup> to Friday 20<sup>th</sup> February
