Class: Plympton Class

Term: 4

What we have been learning this term:

Welcome spring!

The sun is starting to shine and we are looking forward to some outdoor fun. We have been preparing our new raised bed at Growing2Gether and have started to plan what we will grow. We have even harvested some radishes, although these were not our favourite.

This term we have continued our Diversity topic. The students have enjoyed learning about different cultures that have influenced our local community. Italian pizzas were a fantastic.

We have found a new love for chair exercises! Every morning we sit in a semi-circle as a group to work out and challenge ourselves.

Everyone has also continued to work hard in our Functional Skills sessions. Communication has been a focus, as well as using key mathematical language across a range of environments.

Have a wonderful Easter.

Many thanks from the Plympton team.

Photos of our learning:

Key Dates

Friday 8th April – Last day of term

Monday 25th April – Return to school

Plympton's WOW moments:

Cameron, you have really enjoyed reading with Anna. You have a new favourite story – 'A squash and a squeeze'. You have been fantastic at signing and sequencing.

Louise, you have excelled at Growing2Gether. You have been busy pushing wheelbarrows and preparing the beds. When learning in both Maths and English, you have also shown again how good you are at Makaton and taught others – thank you.

Philip, you have been so engaged whilst out and about. Excellent work at the farm, swimming, cooking, shopping, music therapy and whilst out with the community. Great work!

Oliver, your work experience at Baydon Stores has been a real highlight. You have been very helpful in completing your work and shown great maturity. You are polite, hardworking and continue to build on the skills you are developing.
