Class Name: Tiverton

Term 4: 2025-2026

Topic: What is money?

What we have been doing this term:

In **maths**, Tiverton have been learning about shape. We began the topic by exploring 2D shapes, looking closely at their properties such as the number of sides and vertices, as well as investigating symmetry and reflection. We then moved on to identifying 3D shapes, where we continued to explore their properties and introduced the concept of faces and edges.

In **English**, we have been reading *Billionaire Boy* by David Walliams, and we have absolutely LOVED it! The text has allowed us to develop our comprehension skills, practise creative writing, and make effective use of adjectives and ambitious vocabulary. Most importantly, this book has shown us that reading can be fun!

In **science**, we have been learning about the human body. We have learned about our major organs, digestive system, the skeleton and the effects that exercise can have on our body. We have really enjoyed this topic.

In **history**, we have been learning about the Tudor monarchs. We have studied Henry VIII and his six wives, young King Edward VI, Lady Jane Grey, and Mary I. We explored their individual stories and used these to develop our observational and evaluative skills.

In **PSHE**, we have been learning about the physical and emotional changes that occur during puberty. We have explored the effects that hormones can have while we are going through these changes.

We have also developed our skills in **cooking**. Pupils have demonstrated their ability to follow a set of visual instructions to safely prepare meals and operate the hob / oven.

Overall, it's been a fantastic term, full of fun and laughter!

Happy Easter everyone 😊

Some photos of us!

Dates & Points to remember:

Last day of term: Friday 27th March 2026

First day back: Monday 13rd April 2026
