Class Name: Chepstow Term: Spring 2 2026

Under the Sea

What we have been learning:

Some photos of our learning

Hello there. and welcome to our 4th Newsletter, for Chepstow, where has the time gone, can you believe it! Our theme this term has been '**Under the Sea**' we have fully immersed ourselves in all things nautical, enjoyed naming sea creatures and using initial sounds to name things in **literacy, communication and Language** and **phonics**. In **maths** we have learnt the words, full and empty in capacity, continued patterns, sorted size and colours and counted to and back from 20. We have been learning how to take turns, which can be very tricky using a switch to make things happen on 'Help Kidz Learn': <https://www.helpkidzlearn.com> and through '**Pass the Bag**' , where we choose an object from a bag and then sung a song related to the object. In **Understanding the World**, we have learnt about different sea creatures and life under the sea. We also learnt why we should not throw rubbish in the sea. On a Wednesday, Totnes have joined us for inclusion, which has been fun, it is wonderful to see the children responding to their older peers. In **Personal and Social** we have remembered what it means to be a good friend, how to take care of each other. We have now started the **RISE** sensory curriculum, where we begin with regulation and connection, we move on to our invitation to join and our shared experience and intensive interaction and finish with our calm ending, helping to tidy and listening to a story. **Thank you, have a wonderful Easter and see you all in Term 5.**
