

Classroom News

Class Name: Totnes Term: Spring Term 4 2025-2026
Topic: Cards, cash and contributions

A short but busy half term!

We have spent 5 weeks in our new classroom within the new building and everyone has settled in beautifully. It has been great to see how the students have adjusted to different routines and longer transitions throughout the school day, as well as still understanding Totnes Class expectations have stayed the same – well done everybody!

We have continued to look at our topic "Cards, Cash and Contributions" in this term. In Science, we looked at copper coins and how we could clean these coins with household items such as coca cola, vinegar and lemon juice. The class enjoyed seeing the results from using things such as coca cola, vinegar and lemon juice. It was interesting, if not a little unsettling to see how dirty some of the coins actually were.

At the beginning of the term, we explored charity and how others contribute to society in a different and (hopefully) positive way. We started to look at Comic Relief/Red Nose Day and the money that raises, but also how individuals can contribute to others in need without necessarily needing money (giving time or donating unused goods). It was a lovely time to discuss what we all felt about supporting others in a safe and trusting environment!

Last week, we were fortunate enough to visit the cinema for free again by using IntoFilm organisation.

Dates & Points to remember:

End of term- Friday 27th March

Summer term starts- Monday 13th April

Some photos of us!
