Class Name: Lincoln

Term 4 2025-2026

What we have been doing this term:

This term in Lincoln Class has been full of hard work, creativity and lots of fun!

In **Maths**, we've been getting to grips with Linear Graphs and have just wrapped up learning about how graphs link to real life. In **English**, we finished *Oliver Twist*! Everyone worked so hard, and we'll be celebrating with a classroom movie afternoon.

In **Science**, we explored electrical circuits and learnt all about resistance. We're now nearly finished our topic on light.

During **RSE**, we had some brilliant conversations about E-Safety and how to stay safe online. In **PSHE**, we talked about positive relationships, including what healthy romantic relationships look like. The class were really respectful and thoughtful.

Food Tech has been tasty as always—students made pizza pinwheels and pizzas and designed their own healthy school dinner and picnic menus.

In **PE**, badminton has been a big hit! Lots of enthusiasm and determination on show.

For our **Project** work, we've been learning about Urbanisation and Mega-Cities, and we're ending the term by designing our very own sustainable mega-city.

And in **DT**, our garden project has been blooming. Students planted seeds, prepared garden beds and looked after the plants each week. Many have even joined Garden Club at lunchtime—showing great independence and teamwork.

It's been a fantastic term, and everyone in Lincoln Class should feel really proud of themselves!

Have a great half term!

The Lincoln Team
Gabs, Kirsty, Jonny and Denise.

Some photos of us!

Dates & Points to remember:

Last day of term: Friday 27th March

First day back: Monday 13th April
