Class Name: Powis

Term:

Term 5 2024-2025

Topic: A Bug's Life

## What we have been doing this term:

In Powis class, we have been studying bugs and insects through the story of "The Very Hungry Caterpillar". In Cooking we have made some food Art with our "Ants on a Log" and bug art. These have been tasty and messy ways to explore insects through food!

In Maths we have worked on drawing accuracy drawing rounded shapes and tracing numbers. We have also been counting through stories, especially the story of the very hungry caterpillar. We have continued to go shopping in Tesco and Lidl to buy our ingredients for cooking and food play, I'm so proud of the class for their help on our shopping trips. In English we have been using music to identify different sounds, learning phonics sounds through actions and songs, writing and sounding out our initials.

In PE we have been playing games with different types of balls, working on our teamwork and hand-eye coordination. Those who have been going to the Hydropool are continuing to develop their skills and have a great time. We have explored bugs during our adventure time learning and had great fun with water during the hot weather.
