Classroom News

Class Name: Blaise Term: Summer 1 Term 5 2025-2026 Topic: Food Detectives

What we have been doing this term:

This term Blaise have been learning about where our food comes from. Each week our sensory story has taken them on a journey to a different farm to experience the sounds, smells, textures and flavours of each.

In drama, Anna has been supporting the students in bringing the story of the enormous carrot to life and we have been shopping to get the ingredients to make some delicious treats.

We have also been exploring some sensory food trays to help our fine and gross motor movements to reduce some of our tactile sensitivities while also using food to create artworks via printing or collage.

We have worked very closely with the OT's this term, focusing on regulation and meeting the student's vestibular needs throughout the day with a big focus on deep pressure, brown noise, movement (both physical and visual) and body brushing.

This term also saw our trampoline coming back into action after a term out of service, allowing our students to enjoy some sensory integration while calming their overactive muscles.

Music Therapy and Open Orchestra sessions have allowed everyone to be heard via jamming sessions using various music making devices and instruments. Stay tuned for news on when you can join us with Tim and Carmen next term for an end of year Wow Now gig!

Some photos of us!

Dates & Points to remember:

Sports Day: Thursday 21st May
Last day of term: Friday 22nd May
First day back: Monday 1st June
Bandstand: Thursday 2nd July
