Class Name: Arundel

Term: Summer 1

Term 5: 2025-2026

What we have been doing this term:

Some photos of us!

In Arundel this term there has been lots of learning and engagement and improving of social skills and teamwork.

Maths: We have finished our topic on ratio and proportion and thinking about how this relates to real life situations. Using our understanding to work out how to find best buys on products.

English: We have begun studying *Danny champion of the world*. Students have enjoyed reading the text alongside listening to an audio recording. Students have been learning about how to identify key information from text and make inferences.

Science: Students have shown great curiosity and enthusiasm learning about animal and plant cells. Using microscopes to look at pre-made slides and finding their own plants and leaves to look at. They have worked together discussing and sharing their findings. They particularly enjoyed finding some bugs on leaves they found.

Geography: Students have been studying coastlines and learning how they are shaped by natural processes such as erosion, transportation, and deposition. We have explored different coastal landforms, including cliffs, caves, arches, stacks, and beaches, while also discussing the impact of waves and weather on coastal environments. In **World of Work** lessons this term, students have been learning about banks, budgeting, and salaries to help develop important life and financial skills. We explored how banks support people in managing their money, the importance of saving, and how to create and maintain a budget. Students also looked at different types of jobs and salaries, discussing how income can affect spending, saving, and future plans.

Rio's snack shack opened for 2 days a week where staff are able to buy a drink and a piece of homemade cake

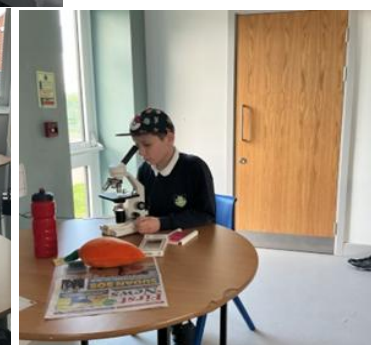

Have a great half term!
