Class Name: Lincoln

Term 5 2025-2026

## What we have been doing this term:

This term in Lincoln class has been full of excitement, creativity, and fantastic learning experiences across all subjects!

In **Maths**, we have wrapped up our exciting topic on angles and have now begun exploring the wonderful world of circles!

In **English**, we've been diving into *Danny the Champion of the World*. Along the way, we've been sharpening our writing skills and building our understanding of key techniques, while also developing our comprehension of new and engaging texts.

In **Science**, our focus has been on tissues and organs in Biology. Students were particularly fascinated by learning about the respiratory system and discovering how our bodies work behind the scenes to keep us going every day!

Our **Topic** lessons have been a huge hit this term! We've been exploring how leisure has changed over time, and it's been fantastic to see students' creativity shine as they chose their own unique ways to present their learning.

In **Cooking**, it's been all hands-on deck as students have created a variety of delicious dishes. Their determination, attention to detail, and growing confidence in the kitchen have really paid off—resulting in some truly tasty outcomes!

Thursday afternoons have been especially exciting with our weekly visits to **The Castle @ Love Lane**. Students have been engaging brilliantly with new staff and peers, building friendships, and stepping outside their comfort zones. It has been wonderful to see them grow in confidence and thrive in a different environment!

**Have a great half term!**

**The Lincoln Team**  
**Gabs, Denise, Kelly and Ciaran.**
