

Classroom News

Class Name: Danby

Term 5 2025-2026

Topic: Money, Money, Money

What we have been doing this term:

Danby have had a fantastic term! In **Maths** we have looked at money, recognising, sorting and identifying the value of coins. We have role played a toy shop to practise shopping and exploring the role of shopkeeper and customer. This supported our understanding of money by matching coins to price tags, and the concept of exchanging money for items.

In **English** we have looked at describing words and we have been expanding sentences to include 'what like' using colourful semantics. We have also practised describing words in our food exploration/communication sessions. The children have enjoyed trying four different foods with a different colour each week- the red radish was new for all! In **PSHE** we have looked at different ways to be healthy, including the effects of exercise, identifying healthy food and how to keep our teeth healthy.

We have enjoyed a trip to soft play, a park and lots of sunshine for our PE sessions.

The children have been developing their independence with daily tasks and taking responsibility with their own classroom jobs!

From Paloma & Danby team 😊

Some photos of us!

Dates & Points to remember:

Last day of term: Friday 22nd May

First day back: Monday 1st June
