Class Name: Dover

Term: Christmas 2020

What we have been learning this term:

Another lovely term in Dover Class!

We have been focusing on adjectives within our writing in English and used these to create noun phrases. We have also been 'upgrading' the language we use in conversation – it's been lovely to hear Dover using a variety of adjectives within their speech.

In Maths we have been looking at the inverse relationships of numbers. Revisiting number bonds and finding alternative methods when doing simple addition and subtraction.

In art we have made lots of beautiful pictures and have had fun creating a massive paperchain as a whole class. We took the paperchain out into the MUGA to measure it and we were all amazed to find it is 22.3m long – that is almost as long as a brachiosaurus and the same length as the average gill fishing net (Dover did their research!)

Dodgeball and kickball continue to be a favourite in P.E, even the adults have enjoyed getting involved! Everyone has been showing their competitive side when playing class quizzes and we have recently started using Kahoot.

This term we have really enjoyed practising our play and decorating the classroom ready for Christmas! We really hope you enjoyed our performance of Arthur Christmas!

We hope you all have a wonderful Christmas!

The Dover Team

Some photos of our learning

Dates and events

- Monday 4th January 2021 – Staff training – No school
- Tuesday 5th January – First day back of term 3
- Friday 12th February - Last Day of Term 3
- Monday 21st February – First day back term 4
