Term 3 2025-2026

Dear Parents and Carers,

Another action-packed term is just ending. So much has been going on and you can read many more details on our website using the links below. Aside from the masses of wonderful learning taking place, there have been trips out of school, live weather reports, outdoor activities, pop culture cooking, sports activities - everything really. Our Friends of Castle (FOC) team are also working hard to raise money for a new portable sensory room. You can find out more here <https://tinyurl.com/2s4x66sf> Please share around. There is also a QR code to the right for making donations.

Of course, there have been many more wonderful things happening in school this term. You can read more in the class newsletters, which can be found here [The Castle School - Class Newsletters](https://theCastleschoolnewbury.org.uk)

Illness in school. We have seen a lot of nasty bugs, including flu, Covid and norovirus in school this term. All of these can spread very quickly throughout our community, especially in a school environment and they can pose a serious risk to the health and safety of our students, especially those who are more vulnerable.

If your child is ill — such as showing fever or chills, body aches, dry chesty cough, sore throat, headache, stomach pain, diarrhoea, or vomiting — please keep them at home until they are fully recovered (48 hours in the case of diarrhoea, or vomiting). By doing this, you help us reduce the risk of class closures and keep our school community as safe as possible.

I would like to wish all our students, staff and parents a great week.

Please note that the last day of term is Friday 13th February. Students should return to school on **Monday 23rd February 2026**

Many thanks, Jon Hewitt (Headteacher)
